## RRS Ambassadors meeting with Afzal Khan

The RRS ambassadors met with MP Afzal Khan this term. They spoke confidently and thoughtfully about the children's rights that are important to them and their vision for a better world for children. The children have made extraordinary progress from our initial meeting when some children struggled to find the confidence to speak out. Now, they all spoke and some even said they want to be politicians too. We are educating the next Prime Minister!

## ParentPay Charges

Dinner money needs to be up to date and paid on time so you **do not fall into arrears**. If you have received a call this week asking for payment, please make sure this is completed before the end of term.

**If you do not keep your child's parent pay topped up, this could result in your child having to go onto packed lunch, as a hot meal will not be provided.**

If you would like to change your child's meal pattern, then we require 1 week's notice and you will need to come into the school office and complete a form.

## Congratulations Israa!

### Pupil from Heald Place Primary wins Vaping Poster Competition

Manchester Healthy Schools, in partnership with the University of Manchester, Manchester City Council, Media Cubs and CGL Eclipse, worked on a series of lessons aimed at informing children and young people about vaping and giving them the tools to make informed decisions.

Linked to the project we incorporated a 'Design a Poster' competition, and the winner was 10-year-old Israa from Heald Place Primary School. Her original design was then 'digitised' by Media Cubs and shared across the city to inform Mancunians of the upcoming ban on disposable vapes.
